

Office Memorandum • UNITED STATES GOVERNMENT *ju*

TO : Director of Training

DATE: 29 May 52

STATINTL

FROM :

SUBJECT: Weekly Progress Report

1. The Reading Improvement Laboratory currently has students per day. STAT

2. A letter was sent to with an interpretation and evaluation of his ophthalmograph record. STATINTL

3. The Agency class that completed training 23 May 52 had the following results:

| | | |
|---------|------------|---------------------|
| Initial | 384 W.P.M. | 76.4% Comprehension |
| Final | 556 W.P.M. | 85.0% Comprehension |

4. The five-week retention results for P.T. students are as follows: STAT

| | | |
|-----------------------|------------|---------------------|
| 19 Feb 52 - Initial | 485 W.P.M. | 85.7% Comprehension |
| 18 Apr 52 - Final | 744 W.P.M. | 83.7% Comprehension |
| 23 May 52 - Retention | 746 W.P.M. | 85.2% Comprehension |

While the comprehension results are significant, this is not a completely reliable retention test because of the lapse of only five weeks. The regular retention studies will be given six months after training. A personal memo will be sent to the students that participated in this study. STAT
